Live Hub Events

What is Live Hub Events?

Live Hub Events is all about connecting people together again through cost effective live streaming and event production company. We are committed to helping people connect with those they love. From sharing the moment live with streaming to capturing highlights of the wedding that will be cherished forever.

What are we offering that other companies are not?

- Multiple packages at different price points
- Highlight video of your wedding ceremony (approx. 15-30 seconds)
- We can stream to Facebook, YouTube or a custom wedding website
- We can use the venue's existing internet to keep costs down
- We can provide internet where there is slow or no internet
- We can integrate the live stream with Zoom for couples wanting to do two-way communication with a loved one like their mother, father, grandparents, etc.
